 - Click [here](#) to see who qualifies
- ✓ Individuals and staff in congregate settings
 - Click [here](#) for definition of “congregate settings”
- ✓ Individuals with an underlying medical condition with increased risk for severe illness
 - Click [here](#) for the CDC’s definition of severe underlying medical conditions

SCHEDULING COVID-19 VACCINATION

Vaccine Administration Management System (VAMS):

Appointments currently available at participating locations. Click [here](#) to access the VAMS portal.

- Online scheduling portal that allows individuals with an email address to create an account, log in, and search for a vaccine clinic
- Many providers can be accessed through the VAMS schedule, including:
 - [Trinity Health of New England](#) (multiple locations, including Saint Francis Hospital in Hartford)
 - [Griffin Hospital](#)
 - [Nuvance Health](#)
 - [Stamford Hospital](#)
 - [Bristol Hospital](#)
 - [Fair Haven Community Health Center](#)
 - [Cornell Scott Hill Health Center](#)
 - [Community Health Center, Inc.](#)
 - Local health departments

Direct Provider to Patient:

Appointments currently available at participating locations.

- Schedule directly through one of participating providers listed below:
 - [Yale-New Haven Health](#): Several locations across the state
 - [Hartford HealthCare](#): Several locations across the state
 - [UConn Health](#): Clinic locations in Farmington, CT
 - [Walgreens](#): Covering locations north of Hartford
- All locations require prescheduling and registration; walks-ins are not allowed.

Call the Access Line:

Due to high call volume, this option is only recommended for individuals who cannot use VAMS or a provider link to schedule.

CT COVID Vaccine Appointment Assist Line: (877) 918-2224
